

CUSTOMIZING WITH MATHILDE

START YOUR VISION

Mathilde makes artfully crafted quilts with natural materials to deliver harmony & simplicity.

About Mathilde:

Creative Director, Claudia Middendorf founded the company in 2017 and has designed these collections with beauty and utility in mind. Earning an MFA from Rhode Island School of Design (RISD), her graphic design background has taken form onto these exceptional quilts.

THE MATHILDE PHILOSOPHY

NATURAL MATERIALS.
EUROPEAN LINEN AND
AMERICAN COTTON.
HANDMADE IN
RHODE ISLAND.

Craft the perfect quilt from our selection of patterns, colors, and trim. Mathilde creates these handmade quilts in linen and with cotton batting interior for a washable but textured quilt designed to last for generations. These handcrafted pieces are made in Rhode Island and have been featured in *Martha Stewart Living*, *Remodelista*, *Quiltfolk*, and *New England Home*. Their unique quality makes for these one-of-a-kind collectable pieces.

THE MATHILDE APPROACH

HARMONY AND SIMPLICITY

Whether matching a color palette or customizing a detail, we welcome working with you on crafting custom quilts and throws that are in harmony with your designed spaces. We work with designers who have a variety of applications for these luxurious textiles in their client's projects. We can produce quilted yardage, too. Even better; the ease in which our quilts can be machine washed and tumble dried.

"The qualities of Wabi Sabi are essential in my approach to making. I pay attention to how uniquely the fabric gathers, and how it lends itself to beautiful irregularities and subtleties. I work with linen which is exquisitely soft and breathable and is a perfect layering fabric for every season."

~ CLAUDIA MIDDENDORF, FOUNDER, MATHILDE

THE MATHILDE STANDARD

ARTFULLY CRAFTED

We set a high standard for sourcing materials — we curate special assortments of imported European linen and use American-sourced cotton batting to make the highest quality handcrafted soft goods. All quilts are hand-made in the USA, honoring a slower and more mindful approach to making. Mathilde is an active member of the Rhode Island community, proud to be part of the state's long history of textile innovation and artistry.
